

TERMINAL GOES UP A LITTLE.

A Much Better Feeling in the Stock Market Regarding It.

PILES OF GOLD COMING FROM EUROPE.

This is Our Golden Age and a Boom is in Progress in Wall Street—Dr. Briggs, the Heroic, Returns Notes.

NEW YORK BUREAU, RICHMOND TIMES, Sept. 21, 1891.

One of the directors of the Richmond Terminal Company states that the plan to remove the company from its floating debt, is being steadily pushed towards consummation, but that no formal announcement will be made for a week or ten days yet. Although no definite financial plan has yet been adopted by the Terminal managers, it is evident that there is a better feeling in the stock market regarding Richmond Terminal. The price of the stock crept up a fraction at a time today to 14 1/2.

IS THIS OUR GOLDEN AGE.

Gold to the amount of 1,200,000 francs arrived yesterday's steamship. Steamships which sail this week will bring 1,000,000 more, in addition to something over \$3,000,000 now on the way. Sterling and continental exchange rates are still falling off, and there is every reason to believe that a large amount of gold will come to us unless the foreigners realize soon on their speculations in our stocks. This is our golden age. Our great land is covered with golden grain, and soon the pockets of every American citizen will receive some of the golden shower of dollars which the Europeans must send us to buy our grain.

A BOOK IN PROGRESS.

The first company to feel the changed conditions is Wall Street, and there is such a boom in progress down there as has not been known for many years. For over a month the stock market has been rising. Each of the past few days has been a bigger one than the one before. Each has been a new record. To-day the dealings in stocks reached 800,000 shares. A London syndicate, through Bredel, Morgan & Co., have bought the balance of Mr. C. P. Huntington's holdings of Chesapeake and Ohio common stock—about 22,000 shares.

Walter S. Herford, the alleged English swindler, was transferred, from the New York authorities to Sheriff Turner, of Rome, Ga. He will be taken South to stand trial for swindling.

DR. BRIGGS RETURNS.

Dr. Charles A. Briggs, Professor of Biblical Theology at the Union Theological Seminary, who has spent several months abroad, returned with his family this morning on the Cunard steamer Servia greatly improved in health by his trip to England. Dr. Briggs declined to say anything about home affairs. Regarding the commission appointed by the last General Assembly which was held in Detroit last June, and what its probable action would be in regard to the charges of heresy preferred against him in not adhering to the tenets of the Westminster Confession of Faith, he declined to speak. It is the common news of the city that he has been in Detroit to await the action of that body. If I am placed on the defensive I think I can hold my ground. I received only one or two communications from America while I was in England concerning my case, and as I am well enough prepared to meet the case, I prefer to remain silent.

NEW YORK NEWS.

Items of Interest From Our Exchanges of Yesterday.

The Experimental Board of Engineers of the navy have been conducting some minor yet interesting tests of petroleum fuel at the navy-yard in the last few days. The tests have been principally to obtain the specific gravity, to determine the flash point and also the burning point. It is intended to make more exhaustive tests soon, to determine upon its relative value with coal in the matter of safety, economy and its qualities of heat for generating steam.

EUROPEANISM IN BROOKLYN.

The official record of the last annual convocation of the Protestant Episcopal diocese of Long Island is made public to-day, and shows plainly why Brooklyn is called the City of Churches. There are only six churches of this denomination in Kings county outside of Brooklyn. Two of this six are scarcely kept up, while the other four have small congregations.

According to the parochial reports there are forty-three Protestant Episcopal churches and missions in Brooklyn. Charles R. Baker, rector, at the corner of Greene and Clermont avenues, has 1,300 regular communicants, the largest number on the roll of churches. During the last ecclesiastical year the Protestant Episcopal churches have expended \$659,254; they have baptized 1,724 infants and 121 adults; confirmed 1,321 persons; registered 18,164 communicants and performed 627 marriages and 1,508 burials. This record is unequalled by any of the former years.

HOW CAME THE MAN TO HIS DEATH.

Police-Officer Tancred, of the Twenty-fifth precinct, while passing along East Fifty-ninth street just before midnight Saturday came upon the prostrate body of a man lying on the sidewalk, just outside the liquor store kept by Dennis O'Connor, at No. 329 east Fifty-ninth street. Tancred at first thought that he had stumbled on a plain "drunk," and was about to haul the man to the police station, when he noticed that the man was bleeding from a terrible wound at the back of the head. Then Tancred called an ambulance and the unconscious man was taken to the Presbyterian hospital, but died on the way.

When the body was examined at the police station it was found that the man had sustained a bad fracture of the skull. His name was Richard Owens. He was forty-five years old, had no home, but earned an occasional crust or drink by doing odd jobs in the up-town East Side liquor stores. A Mrs. Palmer, who lives in a tenement house over O'Connor and his bar-tender, Eugene Fitzpatrick, were arrested. They denied that Owens was thrown out of the liquor store, but said that, after unsuccessfully begging for a drink of whiskey, he started out of the store and fell through the swing-doors on to the pavement.

ILL THAT FAITH CURED THEM OF.

The sanctuary of the Faith Christi, at the foot of Chapel avenue, Jersey City, was crowded yesterday afternoon, annual convocation being in progress. Since the convocation the services, assisted by her husband and Pastor Hancock.

Prayers were offered for the recovery of the sick and for the unconvinced relatives of those present. The experience meeting was opened by Sister Jackson, who, after reciting her struggles for years to try to aid Jesus, said that she discovered her error and that she did come from him. She urged the unconverted to do the same, but come in at the door, and then described how she had been cured of spinal trouble.

Pastor Hancock told what "a wicked and fast" man he was until he was reclaimed. He had been cured, he said, of neuralgia of the heart.

An old man declared that he had been cured of asthma of forty years standing. A middle-aged man said that while he was working in a gas furnace an explosion occurred, and those about him insisted that he was shockingly burned. He stated that he was not and that he did not suffer the slightest pain. A dozen others told how they had been cured of various ills, and Brother Jackson exclaimed: "Yes, Jesus can cure you of bad temper also." A negro explained how meek and lowly he had become since embracing Christianity. A man on Broadway threw a tobacco pipe out his eye, but even this did not excite his wrath. Mrs. Willets said that she had been terribly crippled by paralysis, but God directed her to throw her crutches away, and then described how she had been cured of spinal trouble.

1866 Atlantic avenue, and went to housekeeping with her little girl. She had several attacks of melancholia. Yesterday morning Charles Anderson, who occupies the same floor, found her lying on the floor of her room, dead. There was a big empty bottle near her which was labelled carbolic acid. The physicians at St. Mary's Hospital, where Mrs. Sherwood was taken, hope to save her life, as the carbolic acid was very much diluted.

New Clearings in Frontier Settlements

Often give birth to miasms, as one of the first fruits of a turning of the soil. Malaria is prevalent to the newly arrived emigrant if he be unprepared to meet it by the use of a reliable prophylactic and preventive. It, therefore, behooves those seeking the far West in search of homes to provide themselves with a medicinal guaranty against chills and fever. bilious, remittent and ailments of kindred origin. Hostetter's Stomach Bitters has for nearly half a century been esteemed the best from Maine to Oklahoma, from Victoria to San Juan del Sud, its acknowledged superiority meets with no challenge in localities where it has been used. Medical testimony, the most positive and direct, backs up the general verity, not less in regard to the general verity of liver complaint, dyspepsia, constipation, rheumatism and kidney ailments, than in cases of malarial disease.

The Times Real Estate Columns.

Our real estate agents are fast appreciating the fact that the Times Real Estate columns are read by a class of people seeking real estate investments and are using same to advantage. Messrs. J. Thompson Brown & Co. advertised four houses in the Times last week and reported good attendances and satisfactory prices.

The Times Want Column.

Those who have used this column claim that the effect has been eminently satisfactory.

"Kajanka" will draw the greatest houses of the season, come early and secure same. New Richmond Theatre, Tuesday 9 A. M.

Free samples of Dr. Miles' Restorative

Nervine, at Owens & Minors' Drug Company, 107 Main street, opposite postoffice, cures leadache, nervousness, sleeplessness, neuritis, fits, nervous debility, poor memory, etc. A new and remarkable discovery. Or address the Dr. Miles Medical Company, Elkhart, Ind.

Sale of seats to-day 9 A. M. at the New Richmond Theatre for the greatest of spectacles, "Kajanka." We predict the biggest house of the season. Come early and avoid the crowd.

Secure a home at Highland Springs, one of the healthiest, pleasant places in the suburbs of Richmond. Take the Green Line railway. Five-day tickets, 25 cents. Some of the new houses are for sale on easy terms, and the railroad company gives a yearly pass with each house when occupied.

"Kajanka" has been induced by Messrs. Branch & Leath's liberal offer to play four nights and matinee at their cozy remodelled theatre. "Kajanka" is a good "send-off" for the house, and the New Richmond Theatre is an advertisement for Richmond.

Pills often leave a person constipated. Simmons Liver Regulator never does.

Children Cry for Pitcher's Castoria.

"Kajanka" endorsed by the New York Herald, New York World and the leading papers of America, will open an engagement Wednesday at the New Richmond Theatre.

THE BEST PIECE OF GENUINE SUGAR-CURED TOBACCO ON earth is Hickok's. Try it and see.
